## INDEPENDENT AUDITOR'S REPORT

To the Mayor and Council  
Borough Hall  
Borough of Manasquan  
New Jersey

We have audited the accompanying financial statements of the Borough of Manasquan, State of New Jersey, as of December 31, 2010 and 2009, and for the years then ended, as listed in the table of contents. These financial statements are the responsibility of the Borough of Manasquan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the administration, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Borough of Manasquan prepares its financial statements on a comprehensive basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, because of the Borough of Manasquan's policy to prepare its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the various funds of the Borough of Manasquan, State of New Jersey, as of December 31, 2010 and 2009 or the results of its operation or cash flows for the years then ended.

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the various funds of the Borough of Manasquan as of December 31, 2010 and 2009 and the results of its operations and the changes in fund balances of the individual funds for the years then ended and the revenues, expenditures and fund balance for the years then ended on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated December 28, 2011 on our consideration of the Borough of Manasquan's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements of the Borough of Manasquan, State of New Jersey, taken as a whole. The accompanying Schedule of Federal Awards and State Financial Assistance is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; and New Jersey OMB's Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and is not a required part of the financial statements. Additionally, the accompanying additional information schedules and comments section listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1.

Allen B. Shechter, R.M.A. #509

**NOTES TO FINANCIAL STATEMENTS**

Notes to Financial Statements

Year Ended December 31, 2010

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A. Reporting Entity

Except as noted below, the financial statements of the Borough of Manasquan include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Manasquan, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Borough of Manasquan do not include the operations of the municipal library.

B. Description of Funds

The accounting policies of the Borough of Manasquan conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Manasquan accounts for its financial transactions through the following separate funds and accounts as presented below. This presentation differs from the three fund, two account group presentation as required by GAAP.

Current Fund - revenues and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Fund - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Water and Sewer Operating and Capital Funds - account for the operations and acquisition of capital facilities of the municipally-owned Water and Sewer Utilities.

Beach Operating and Capital Funds - account for the operations and acquisition of the municipally-owned Beach Utility.

General Fixed Assets - To account for fixed assets in government operations.

C. Basis of Accounting

The accounting policies of the Borough of Manasquan conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The following is a summary of the significant policies. A modified accrual basis of accounting is followed, with minor exceptions. Modifications from the accrual basis follow:

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the budget.

### C. Basis of Accounting - continued

Receivables for property taxes and consumer accounts receivable are recorded with offsetting reserves on the balance sheet of the respective fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the Borough which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. Fund balance utilized to balance the budget is recorded as revenue and budgeted transfers from other funds are also recorded as revenue when anticipated in the budget.

Expenditures - are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuances of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements and constitute part of the Borough's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Grant appropriations are charged upon budget adoption to create separate spending reserves. Budgeted transfers to other funds are recorded as expenditures when the budget is adopted to the extent permitted or required by law. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

Property Taxes - Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied annually and are payable in quarterly installments on February 1, May 1, August 1, and November 1 of each year. All unpaid taxes levied become delinquent January 1 of the following year. Delinquent taxes are considered fully collectible and, therefore, no allowance for uncollectible taxes is provided.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds - Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are realized. Interfund receivables in the other funds are not offset by reserves.

Insurance - Cost of insurance for all funds are recorded as expenditures at the time of payment. Insurance costs chargeable to future periods are not carried as prepayments.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets.

General Fixed Assets - In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the Borough has developed a fixed assets accounting and reporting system.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value.

No depreciation has been provided for in the financial statements.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Accounting for utility fund "fixed capital" remains unchanged under the Requirements of Technical Accounting Directive No. 85-2.

Property and equipment purchased by the Utility Funds are recorded in the capital accounts at cost and are adjusted for dispositions and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortizations accounts in the utility capital fund represent charges to operations for the costs of acquisitions of property, equipment and improvements. The utilities do not record depreciation of fixed assets.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Tax Appeals and Other Contingent Losses - Losses which arise from tax appeals and other contingent losses are recognized at the time an unfavorable decision is rendered by an administrative or judicial body.

Departures from Generally Accepted Accounting Principles - The accounting principles and practices followed by the Borough of Manasquan differ in some respects, which in some instances may be material, from generally accepted accounting principles applicable to local government units. The more significant differences are as follows:

Taxes and other receivables are fully reserved.

Interfund receivables in the Current Fund are fully reserved and recognized as revenue in the year of liquidation.

Unexpended and uncommitted appropriations are reflected as expenditures.

Overexpended appropriations and emergency appropriations are deferred to the succeeding years' operations.

No provision is made for accumulated vested vacation and sick leave.

Undetermined contributions to state-administered pension plans applicable to the six months ended December 31 are not accrued.

Estimated losses arising from tax appeals and other contingencies are not recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonable estimated.

Depreciations expense is not calculated on fixed assets.

Encumbrances are reported as a liability in the financial statement.

It was not practicable to determine the effect of such differences.

**NOTE 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS**

New Jersey statutes permit the deposit of public funds in institutions located in new Jersey which are insured by the Federal Deposit Insurance Corporation (“FDIC”), or by any other agency of the United States that insures deposits. N.J.S.A. 17:9-42 requires New Jersey governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are protected from loss under the provisions of the Government Unit Deposit Protection Act (“GUDPA”), which is a multiple financial institution collateral pool. New Jersey statutes require public depositories to maintain collateral for deposit of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5 percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The Borough’s deposits and investments held at December 31, 2010 and reported at cost, are as follows:

<u>Type</u>	<u>Rating</u>	<u>Maturities</u>	<u>Cost</u>
<b>Deposits:</b>			
Demand deposits			5,163,905.94
<b>Investments:</b>			
	N/A	N/A	<u>N/A</u>
<b>Total deposits and investments</b>			<u>\$5,163,905.94</u>

**Custodial Credit Risk** - Deposits in financial institutions reported as components of cash, cash equivalents, and investments had a bank balance of \$5,366,455.94 at December 31, 2010. Of the bank balance \$504,098.74 was fully insured by depository insurance and \$4,862,357.20 was secured by a collateral pool held by the bank, but not in the Borough’s name, as required by New Jersey statutes.

**Investment Interest Rate Risk** - The Borough has no formal investment policy that limits investment maturities as a means of managing its exposure to value losses arising from increasing interest rates. Maturities of investments held at December 31, 2010, are provided in the above schedule.

**Investment Credit Risk** - The Borough has no investments policy that limits its investment choices other than the limitation of state law as follows:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank for Cooperatives which have a maturity date not greater than 397 day from the date of purchase.
- c. Bonds or other obligations of the Borough or bonds or other obligations of the Borough school district.
- d. Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of Treasury for investment by local units.
- e. Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Rebate Management Program.
- f. Repurchase agreements (repos) of fully collateralized securities, subject to conditions, as indicated in N.J.S.A.40A:5-15.1(a).
- g. Certificates of deposit at federally insured banks.

**Concentration of Investment Credit Risk** - The Borough places no limit on the amount it may invest in any one issuer. The Borough did not have any investments on December 31, 2010.

Assessment Fund			
Cancelled Assessments	\$ <u>.00</u>	<u>.00</u>	<u>.00</u>

The appropriations in the 2011 Budget are not less than that required by statute at the time and the remaining amounts if any, will be raised in subsequent budgets.

**NOTE 6 LOCAL DISTRICT SCHOOL TAXES**

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Borough of Manasquan has elected to defer school taxes as follows:

	<u>Balance December 31</u>	
	<u>2010</u>	<u>2009</u>
Balance of Tax	2,044,921.16	1,961,704.50
Deferred	<u>2,012,340.00</u>	<u>2,012,340.00</u>
Balance Payable	<u>\$4,057,261.16</u>	<u>3,974,044.50</u>

**NOTE 7 DISCOUNTS ARE NOT ALLOWED ON PREPAID TAXES****NOTE 8 PENSION SYSTEMS**

Description of Plan - All required employees of the Borough are covered by either the Public Employee's Retirement System or the Police and Firemen's Retirement System which have been established by state statute and are administered by the New Jersey Department of Pension and Benefits. According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the retirement systems. This report may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Public Employee's Retirement System (PERS) - The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A.43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees Retirement System is a cost-sharing multiple-employer plan. Membership is generally required for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency provided the employee is not a member of another state-administered retirement system. Members are eligible for retirement at age 60 with an annual benefit generally determined to be the number of years of service divided by 55, times the final average salary. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Early retirement is available to those under age 60 with 25 or more years of credited service. Anyone who retires early and is under age 55 receives retirement benefits as calculated in the above-mentioned formula but at a reduced rate (one quarter of one percent for each month the member lacks of attaining age 55).

Police and Fireman's Retirement System (PFRS) - The Police and Firemen's Retirement System was established in July, 1944 under the provision of N.J.S.A.43:16A to provide coverage to substantially all full-time county or municipal police, fire-fighters and State fire-fighters appointed after June 30, 1944. Enrollment is required for permanent, full-time employees appointed to positions in law enforcement or fire fighting in the State of New Jersey. Members are eligible for retirement at age 55 with a benefit equal to two percent of final compensation for each year of creditable service up to twenty years. Members with at least twenty years but less than twenty five years of service credit will receive fifty percent of final compensation. Special retirement is available at any age to those with twenty five years of service credit. The annual benefit calculation is equal to sixty five percent of final compensation plus one percent for each year of creditable service over twenty five years but not to exceed 30 years.

The systems provide for employee contributions of 5.5% of employees' annual base salary for PERS and 8 1/2% for PFRS of employees' annual base salary. Funding by the State and the Borough are determined by the annual actuarial valuation. The State's annual contribution approximates the actuarially determined pension cost for the year. Significant actuarial assumptions used to compute the pension contribution requirements are the same as those used to determine the pension benefit obligation.

Pension costs for the years ended December 31, 2010 and 2009 were as follows:

	<u>2010</u>	<u>2009</u>
Public Employees Retirement System	\$165,389.39	150,816.63
Police & Firemen's Retirement System	\$425,161.00	380,115.10

## NOTE 9 CONTINGENT OR OTHER LIABILITIES

There are no liabilities, contingent or otherwise, which would not be covered by appropriation or insurance protection except as follows:

The contingent liability for unused sick, vacation time and compensated absences is \$662,440.69 for December 31, 2009 and \$734,341.61 for 2010. The amounts due have not been funded. Payments are made as required. The above amounts are not required to be recorded on the financial statements per requirements prescribed by the Division of Local Government Services, Division of Community Affairs, State of New Jersey.

## NOTE 10 DEFERRED COMPENSATION PROGRAM

The Borough offers its employees a deferred compensation plan created in accordance with Section 457 of the Internal Revenue Code of 1986, as amended. The deferred compensation is not available to employees or beneficiaries until termination of employment, retirement, death or occurrence of an unforeseeable emergency. Earnings of the Plan and contributions by employees are invested and are exempt from income taxes until distributed to the participating employees.

The "Small Business Job Protection Act of 2000 changed Section 457 of the Federal Internal Revenue Code to require that all funds deferred be held in trust, custodial account or annuity contract for the exclusive benefit of the plan participants and their beneficiaries. The plan assets would not be subject to the employer's creditors.

This requirement has been translated into New Jersey law with an amendment to N.J.S.A. 43:15B-5 which now requires that the funds be held in a trust, custodial account or annuity contract for the exclusive benefit of participating employees and their beneficiaries. This condition applies to all plans implemented subsequent to August 20, 1999. For plans in existence prior to August 20, 2000, the local government units had until January 1, 2001 to implement the "exclusive benefit" requirement of the Code revisions. However, until the revisions were made, the assets deferred were still subject to the local government's general creditors.

The plan was amended effective January 1, 1998 to comply with the above requirements. Accordingly, plan assets and the related liability are not included in the balance sheet of the trust fund of the Borough.

The plan administrators and amount of funds are as follows:

	<u>2010</u>	<u>2009</u>
Nationwide Retirement Solutions, Inc.	\$502,716.46	443,577.82
Great-West Life & Annuity Insurance Co.	\$338,898.63	480,058.26
Axa Equitable Life Assurance Society of the United States	\$1,575,986.38	1,527,963.23

## NOTE 11 RISK MANAGEMENT

The Borough is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**Property and Liability Insurance** - The Borough maintains commercial insurance coverage for property, liability, accident and surety bonds.

**New Jersey Unemployment Compensation Insurance** - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. A schedule of the Unemployment Compensation Fund can be found in the Trust Fund section of the Financial Statements.

**COMMENTS SECTION**

**BOROUGH OF MANASQUAN  
COUNTY OF MONMOUTH, NEW JERSEY**

**COMMENTS**

Year Ended December 31, 2010

An audit of the financial accounts and transactions of the Borough of Manasquan, in the County of Monmouth, for the year ended December 31, 2010, has recently been completed. The results of the audit are herewith set forth.

**SCOPE OF AUDIT**

The audit covered the financial transactions of the Chief Financial Officer's office, the activities of the Mayor and Council and the records of the various outside departments.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had been set up, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed.

Cash balances were reconciled with independent certifications obtained directly from the depositories.

Revenues and receipts were established and verified as to source and amount insofar as the records permitted.

Our audit was made in accordance with generally accepted auditing standards and in compliance with the requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and Government Auditing Standards, issued by the Comptroller General of the United States. Therefore, our audit included the procedures noted above as well as tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

**CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR N.J.S. 40A:11-4**

N.J.S. 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding the aggregate \$21,000.00, except by contract or agreement".

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the limits within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Water Treatment Plant Project	Central Avenue Roadway Improvements
Glimmer Glass Drainage Phase II Resolution	Squan Beach Life Saving Station

The minutes and vouchers indicate compliance with the Local Public Contract Law N.J.S. 40A:11-6.1 for the purchase of materials and services between \$2,625.00 and the bid limit.

**CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR N.J.S. 40:11-4- (continued)**

The minutes indicate that the resolution were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

In as much as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed and my examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the bid limit "for the performance of any work or the furnishing or hiring of any materials or supplies", other than those where bids had been previously adopted under the provision of N.J.S. 40A:11-6.

**COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS**

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 4, 2010 adopted a resolution authorizing interest to be charged on delinquent taxes as follows:

Delinquent Taxes - 8% per annum for first \$1,500.00 of delinquency and  
18% per annum on any amount in excess of \$1,500.00  
Delinquent Water and Sewer Charges - 8%  
Tax Title Liens - 18%

In addition thereto the Collector of Taxes and Water and Sewer Rents was authorized to charge a 6% penalty on the sum of all delinquent taxes, interest and municipal charges on a given parcel of property in excess of \$10,000.00.

Also the Collector of Taxes and Water and Sewer Rents was authorized to waive interest charges on taxes, if payment is made within ten days after the date on which the taxes become payable.

It appears from an examination of the Collector's records on a test-check basis that interest was collected in accordance with the foregoing resolution.

## DELINQUENT TAXES AND TAX TITLE LIENS

The last tax sale was held on December 30, 2010 and was complete.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>Year</u>	<u>Number Of Liens</u>
2010	1
2009	0
2008	0

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

## ORDINANCES

There were no ordinances which should be reviewed at this time for cancellation.

COUNTY OF MONMOUTH, NEW JERSEY**

**RECOMMENDATIONS**

Year Ended December 31, 2010

**Chief Financial Officer's Office**

During the course of the audit we noted the following:

\* Interfunds existed at year end.

Overexpenditure of a Budget Appropriation occurred during the year.

We recommend:

That Interfund Accounts Receivables and Payables be eliminated by the transfer of cash.

That overexpenditures of Budget Appropriations be avoided in the future by transfer of funds where possible.

\*This reportable condition existed in prior year audit.

## **REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH "GOVERNMENT AUDITING STANDARDS"**

To the Mayor and Council  
Borough Hall  
Borough of Manasquan  
New Jersey

We have audited the financial statements the Borough of Manasquan, State of New Jersey, as of and for the year ended December 31, 2010, and have issued our report thereon dated December 28, 2011. Our report disclosed that, as described in Note 1 to the financial statements, the Borough of Manasquan prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in "Government Auditing Standards", issued by the Comptroller General of the United States.

### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Borough of Manasquan's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Manasquan's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough of Manasquan's internal control over financial reporting.

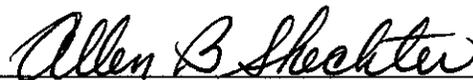

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

## Compliance

As part of obtaining reasonable assurance about whether the Borough of Manasquan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under "Government Auditing Standards" and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. However, we noted certain immaterial instances of noncompliance that we have included as recommendations in the comments section of the financial statements.

This report is intended solely for the information and use of the governing body, management and Division of Local Government Services, Department of Community Affairs, State of New Jersey and other federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE  
A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL  
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND  
NEW JERSEY OMB CIRCULAR 04-04**

To the Mayor and Council  
Borough Hall  
Borough of Manasquan  
New Jersey

## **Compliance**

We have audited the compliance of the Borough of Manasquan, State of New Jersey, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement that are applicable to each of its major federal and state programs for the year ended December 31, 2010. The Borough of Manasquan's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the Borough of Manasquan's management. Our responsibility is to express an opinion on the Borough of Manasquan's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; OMB Circular A-133 Audits of States, Local Governments, and Non-Profit Organizations; and New Jersey OMB's Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Borough of Manasquan's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Borough of Manasquan's compliance with those requirements.

In our opinion, the Borough of Manasquan, State of New Jersey, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended December 31, 2010.

## Internal Control Over Compliance

The management of the Borough of Manasquan is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal and state programs. In planning and performing our audit, we considered the Borough of Manasquan's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Borough of Manasquan's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the governing body, management, the Division of Local Government Services, Department of Community Affairs, State of New Jersey and other federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**BOROUGH OF MANASQUAN**  
**COUNTY OF MONMOUTH, NEW JERSEY**

**NOTES TO THE SCHEDULE OF AWARDS AND FINANCIAL ASSISTANCE**

Year Ended December 31, 2010

**1. ORGANIZATION AND BASIS OF PRESENTATION**

**Organization**

The Borough of Manasquan, State of New Jersey is the prime sponsor and recipient of various federal and state grant funds. The Borough has delegated the administration of grant programs and the reporting function to the Administrator's Office within the Borough. Substantially all grant and program cash funds are commingled with the Borough's other funds, although each grant is accounted for separately in the Borough's financial records.

**Basis of Accounting**

The Borough of Manasquan grants are presented on the modified accrual basis of accounting utilizing the following methods:

**Current Fund Grants**

In accordance with a directive from the State Department of Community Affairs, Division of Local Government Services, all grant revenues and expenditures are fully realized within the current fund budget and corresponding receivables and spending reserves are recorded to account for grant activity.

**Trust Fund and Capital Fund Grants**

In accordance with accounting principles prescribed by the State of New Jersey, grant receivables are offset with grant spending reserves.

**Local Contributions**

Local matching contributions, if required, are raised in the current fund budget. The percentage of matching contributions varies with each program.

**Expenditures**

Expenditures, as reported on the accompanying schedule of federal and state financial assistance, reflect actual cash disbursements charged directly to a grant program and, in certain instances, do not include allocated expenses or accrued expenses. Differences between budget and actual cash disbursements, as well as differences between budget revenues and actual cash receipts, are transferred to current fund balance when the grant is closed out.

**2. CONTINGENCIES**

Each of the grantor agencies reserve the right to conduct additional audits of the Borough's grant programs for economy, efficiency and program results. However, Borough management does not believe such audits would result in material amounts of disallowed costs.

**BOROUGH OF MANASQUAN**

**Schedule of Findings and Questioned Costs**

**For the Fiscal Year Ended December 31, 2010**

**Section I - Summary of Auditor's Report**
